Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries. A "C" following a place name indicates that the place is coextensive with a MCD. A "P" following a place name indicates that the place is also a false MCD; the false MCD name is not shown. A "1" following a place name indicates that the place is in a block that is repeated elsewhere in the block.
